View More Smiles Over 30 years of award-winning service Frequently Asked Questions How can I get a personalised quote? You can book a complimentary consultation with a treatment coordinator, or schedule a comprehensive examination with one of our dentists. After assessing your oral health, we'll provide a personalised treatment plan and itemised quote. Please note our complimentary consultation appointment is a discussion only and does not include a check-up, x-rays, scans or any other clinical treatment. A \$50 refundable deposit is required to secure the appointment. What if I have private health insurance? All fees in this guide are listed before any health fund rebates. Fees may also vary for patients with preferred provider arrangements, as these need to be quoted separately. Are the prices shown the exact amount I'll pay? Not necessarily. This price guide is a guide only and is subject to change. The final treatment cost will be determined by the complexity of the problems, treatment time required, materials used and a variety of other factors. The cost estimates outlined in our price guide exclude the need for restorations found during the initial diagnostic appointment, possible need for gingival (gum lift) management with a specialist periodontist, or any other clinical findings during the treatment. Any such change will be quoted and discussed before treatment is undertaken. Why aren't all prices included? Some areas of dentistry have a wide range of possible treatments, so we can't provide an accurate quote without first examining your teeth. An in-person assessment allows us to tailor the options and costs to your specific needs. Contact Us
