He gained fellowship with the Royal Australasian College of Dental Surgeons in general dentistry in 2017 and was awarded the Kenneth Sutherland prize for achieving the highest marks in General Dentistry. Joshua returned to the University of Melbourne to undertake specialisation in the field of orthodontics in 2018. During his training, he travelled to Michigan to work on a collaborative research project with the Dental and Craniofacial Bionetwork for Image Analysis (DCBIA) in the area of 3D image analysis. He has since presented his research findings at conferences organised by the Australian Society of Orthodontists and the European Orthodontic Society. Joshua has an interest in digital orthodontics and clear aligner therapy. In addition to his native English, he also converses in Mandarin.
