She graduated in 2014 from the University of Pretoria in South Africa, where she built a strong foundation in clinical excellence and patient-centered care. She has a special passion for preventive and restorative dentistry, focusing on early intervention and long-term oral wellness. Dr. Minka provides high quality porcelain fillings, crowns and bridges. She enjoys doing same day ceramic crowns and restorations using the latest CEREC technology. In addition, she provides composite bonding to enhance and refine patients' natural smiles. Dr. Minka believes strongly in conservative dentistry and prioritises preserving natural tooth structure whenever possible. She also offers pain relief appointments, treatment of cracked teeth, custom night guards for grinding, dentures, and comprehensive dental exams and cleanings. Dr. Minka understands that dental treatment can be daunting for many patients and she tries to make their experience as comfortable as possible. To ensure every patient feels at ease, Dr. Minka provides nitrous oxide ("happy gas") to create a more comfortable experience for those with dental anxiety. Her calm approach, attention to detail, and dedication to patient education make her a trusted choice for patients of all ages. Dr. Minka recognises that each patient has unique needs and expectations, and she is dedicated to developing personalised treatment plans that address both. She believes in the importance of understanding patients' goals and thoroughly discussing treatment options and expectations before beginning any procedure. Outside the clinic, Dr. Minka loves traveling, reading, and enjoying quality time with her husband and daughter. Her warm personality and genuine care for people shine through in everything she does, both in and out of the dental chair.
