Isabelle Sayers graduated with a Bachelor of Oral Health from the University of Melbourne in 2012. She was also the recipient of the Dental Health Services Public Health Award that year. Isabelle has worked to provide all patients – children and adults alike – with thorough and comprehensive oral health care in both the public and private sectors. She has a particular interest in assisting patients with achieving optimum oral health through preventive measures. She especially enjoys working with children and is skilled in supporting Smile Solutions' young patients during all facets of their dental procedures. Isabelle develops strong working relationships with her colleagues and is able to build rapport with all her patients based on trust and a positive attitude. This approach ensures that treatment is customised to each individual's needs, ultimately achieving the best possible result. Isabelle is a member of the Australia Dental and Oral Health Therapists Association and has presented at multiple conferences across Australia.
